

**Coronavirus Update – 5th January 2021
Changes to Services – New Lockdown Measures**

After yesterday's announcement by the Prime Minister, all planned face to face delivery is now cancelled / postponed until further notice. We will be liaising with the National Youth Agency as well as other relevant advice and guidance to our sector, to ensure we can continue to support young people and communities during the 3rd lockdown period.

During this 3rd lockdown similar measures are in place as the very first lockdown including the closure of schools, colleges and universities and other youth / community centres and settings. This will mean all our current delivery streams will become virtual at this time, information of this will be available online and by email with further updates in due course on what is available once we have further guidance.

We will continue to do everything within our Covid framework to keep everyone safe and supported during lockdown and this will be reviewed on a regular basis.

We still require parental consent (for under 18s) for any delivery young people engage in, this can be completed via our online membership form – if you have not yet undertaken this, we cannot engage with you.

Many thanks to you all for your continued understanding and support at this time. If you have any questions, do contact us on 01984 629510 and by email on info@inthemixproject.org.uk.

Try to stay as positive as you can and stay safe during these tougher restrictions.
All the best for now.

Yours faithfully,

ITMP Board of Trustees, Staff and Volunteers
